MONITORING USAGE

Corinth Water District personnell read each individual meter each and every month. A water meter book reflects the usage for each month. At the end of each year, a printout can be obtained to see each customers usage for the entire year. This printout is reviewed at the end of the year to ensure the customer stays within their average.

## RULES AND REGULATIONS

### DEPOSITS

All customers will pay equal deposits in the amount of \$40.00. This amount does not exceed the average bill of residential customers served by the district and is less than 2/12ths of the average annual bill. Interest on deposits will be calculated according to KRS 74.050 and will be paid annually either by check or credit to the customer's bill. However, no check or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

Deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been returned and the customer fails to maintain a satisfactory payment record, another deposit may then be required. Upon termination of service, any deposit and interest owed to the customer will be credited to the final bill with any remainder refunded to the customer.

### LEAK ADJUSTMENTS

If a customer has a leak, the district will adjust their bill by charging the tariffed rate for the amount equal to their average usage and charging the rate the district pays its supplier for the amount of usage in excess of their average bill. This will only be done ONCE per year per customer.

### RULES AND REGULATIONS

The following rules and regulations are made and approved by the Corinth Water District and no employee of the Corinth Water District has any power or authority to alter or change these rules and regulations.

1.) APPLICATION FOR CONNECTION: Connection to the mains of Corinth Water District, hereinafter referred to as "District" will be made on the written application on blanks provided by company, after applicant agrees to comply with the rates, rules, and regulations of company, and after the approval of the application by district indorsed thereon. The size of service lines, valves, meters, and other fittings, fixtures, or appliances necessary to render the service for which application is made shall be determined by district.

2.) APPLICATION FOR SERVICE: On application of the owner or any authorized agent or any tenant of the owner, water will be furnished through existing connections, or, on application of the owner, through new connections, after owner agrees to comply with the rates, rules, and regulations of district, and after the approval of the application by district indorsed thereon. The application shall state the name of the owner of the premises, the character and extent of the service desired, a description of the premises, including the name of the street and house number, if any, the number and kind of fixtures through which water will be supplied, and such other information as district may reasonably require.

3.) CHANGE IN OWNERSHIP, TENANCY, OR SERVICE: A new application must be made and approved by the district on any change in ownership of property, or in tenancy, or in the service, as described in the original application, and district may discontinue the water supply until such new application is made and approved.

4.) PAYMENTS: At the time of making application for connection or service, the applicant must make payment to district of the fees, deposits, or rates as the case may be, fixed by the Corinth Water District for the service requested.

5.) CONNECTIONS: District will furnish and maintain at its own cost all necessary fittings, pipes, and appliances, including all meters and meter boxes, necessary for delivery of water to the consumer's pipeline at a point just inside the curb line on the street and just outside the property line in alleys or other public places. All such fittings, pipes, appliances, meters, and meter boxes shall remain the property of district and shall at all times be accessible to district and under its control. The service line from the curb box or meter to the consumer's premises shall be laid and maintained by consumer at his own cost. The line shall be of ample size, of standard weight and quality, and all cutoffs, valves, fixtures, and appliances furnished by consumer shall be maintained in good order and condition.

## RULES AND REGULATIONS

(a) The owner of a single building used as a dwelling or apartment house, and occupied by one or more families, may connect such building or apartment house, if not already connected, with the mains of district and be served by a single service line for which <sup>a</sup>~~one~~ minimum charge shall be paid, <sup>by each individual apartment</sup> in which case the application for service shall be made by the owner or his duly authorized agent and the bills for water shall be paid by the owner;

(b) Each separate place of business ~~containing three (3) or more~~  
~~separate buildings~~, if supplied with water connection or if using water  
from district's mains, shall be considered a separate building, and  
shall pay a separate minimum charge;

(c) Where a building is occupied on the ground floor for business purposes and upper floors for office or for dwelling purposes, if the application is signed by the owner <sup>then</sup> and the water bills for all floors shall be considered as one service, and ~~a~~ <sup>a separate</sup> minimum charge shall be paid ~~for such upper floors, provided a separate~~ <sup>for such upper floors, provided a separate</sup> ~~charge is included;~~

(d) Where two or more families or places of business, or offices in a single building, are supplied with water to a single service line, and the owner of the building or his duly authorized agent fails or refuses to sign an application for service, or fails to pay the bills for water when due, or fails to abide by all the rules and regulations of district, service may be discontinued; but no such action involving the shutting off of the water supply of an innocent consumer shall be taken without first affording the tenant of the premises, **PUBLIC SERVICE COMMISSION**, , , ,

opportunity to make a new application for supply of water through a separate service line or meter;

(e) Where two or more buildings or two or more families or establishments in a single building are supplied by a single service line with the approval of district, and where the owners are occupants of such buildings or such families or establishments desire to contact separately for water furnished, the owner shall first arrange the several house connections, or the plumbing, in such a way that a separate meter and stop and waste cock, with seal approved by district, and be placed on the supply line of each of such consumers. The district shall thereupon install separate connections for each consumer making application thereof, and in such cases, a separate minimum charge shall be assessed against each consumer.

11.18.) TRANSIENT CONSUMERS: In the case of transient consumers, or consumers taking water for less than three(3) months, district may make a minimum charge of not less than the cost of making connection with its mains and installing, reading, and removing meter, and charge for water consumer at regular meter rates. District may require a deposit to be made, in advance, by such temporary or transient consumer to cover the cost of making the connection.

12.) STOP AND WASTE VALVE: A stop and waste cock or cut off valve must be placed in the pipeline on the premises of the consumer, to be used in case of break or other necessity, whereby pipes to be repaired can be cut off without the necessity of using the street cutoff.

13.) METERS: All meters shall be furnished by district and shall remain the property of district and be accessible to and subject to control. Meters shall be conveniently located at a point approved by district, so as to control the entire supply, and when located on premises of consumer a proper place and protection thereof shall be provided by consumer.

(b) Meters will be maintained by district, so far as ordinary wear and tear are concerned. However, when meters located inside a building or cellar is damaged by freezing or hot water or any other external cause, consumer shall pay the cost for such damage. Consumer shall notify district of any damage to or the malfunction of a meter as soon as the damage or malfunction comes to consumer's knowledge.

RULES AND REGULATIONS

(c) When water is furnished by meter, the quantity recorded by the meter shall be conclusive on both consumer and district, except when the meter has been found to be registering inaccurately or has ceased to register. In the latter case, the quantity may be determined by the average registration of the meter when in order.

(d) In case of a disputed account involving the accuracy of a meter, such meter shall be tested on request of consumer in conformity with the provisions of the rules and regulations pertaining to the water service utilities of the Corinth Water District. If the meter so tested is found to have an error in registration of Two Per Cent (2%) or more, the bills will be increased or decreased accordingly.

14.) DISCONTINUANCE OF SERVICE: Service under any application, including public fire protection, and by any other minicipal use, may be discontinued for any of the following reasons:

(a) For misrepresentation, in application, as to property or fixtures to be supplied, or the use to be made of the water supply.

(b) For the use of water on any property for a purpose other than that described in the application. Use of running water to prevent freezing, or to cool containers or the contents thereof, is not legitimate use and is particularly prohibited.

(c) Under flat rate service, for adding to the property for fixtures or for changing the use to be made of the water supply, without notice to and the consent of district.

RULES AND REGULATIONS

**17.) DISCONTINUANCE OF WATER SERVICE IN EVENT OF EMERGENCY:**

As necessity may arise in case of break, emergency, or for any other unavoidable cause, district may temporarily cut off the water supply in order to make necessary repairs, connections, or the like. However, district will use all reasonable and practicable measures to notify consumer of such discontinuance of service. In such case, district shall not be liable for any damage or inconvenience suffered by consumer or for any claim against it at any time for interruption in service, lessening of the supply, inadequate pressure, a poor quality of water, or for causes reasonably beyond district's control.

**18.) RESERVE FOR EMERGENCY:** District may reserve a sufficient supply of water at all times in its reservoirs to provide for fires and other emergencies or may restrict or regulate the quantity of water used by consumers in case of scarcity or whenever the public welfare may require it. No street or lawn sprinkling shall be done at times of water shortage, and sprinkling shall be discontinued during the period whenever a fire alarm has rung.

**19.) RENEWAL OF SERVICE:** When service has been discontinued, the district will renew services on proper application, when conditions under which the service was discontinued are correct, and on the payment of all charges provided in the schedule of rates or tariffs of district. A consumer whose service has been disconnected at one residence or place of business may not have service renewed at another
